

MEETING SUMMARY – ECONOMIC DEVELOPMENT COMMISSION

January 8, 2004

PRESENT: Jeff Weissman, Barbara Archbold, Greg Easton, Bob Edwardsen, Betsey Feasel

GUESTS: None

Call to Order: 7:15pm

Review of Meeting Summary:

December meeting notes were approved as amended.

Reports and Communications:

From Jeff Weissman: Roger Olstad recommended that the council accept the offer from Berk & Associates for the Sustaining Lake Forest Park project. That may be addressed at the Council meeting tonight (1/8/04). This project is going to be specific about the use around Town Center. Specific recommendations and ordinances to see that it happens may also be a part of this project. There will be some fiscal issues. Several public forums will be scheduled as well for citizen input.

Can we invite Berk & Associates to an EDC meeting? Jeff will look into this.

New Business/Unfinished Business

No news on the Gottschalk's space at this time. Starbucks Coffee is moving to the Skippers space. This may make parking and access easier. There is a new kitchen store upstairs in the Mall. They are giving cooking classes. KC Library is renovating their space internally.

Meeting adjourned: 7:50pm

Next Meeting: February 19, 2004
