Meeting called to order by Florence Wright at 1:30 PM.

Commissioners worked on the 2004 work plan.  
It was decided that there would not be a Movie Night this September as originally planned. Several commissioners were not available to help out at the event. Commissioners requested that \$3,500 be put in the work plan budget for three movie night events. Included in this sum is the purchase of a projector.

Rick Purn asked how can schools be involved in the parks. Commissioners will work on providing outreach to schools.

Meeting adjourned at 3:10 PM.
