Children's Fair

There will be a Children's Fair on June 12 concurrent with the opening of the farmer's market. There will be no children's parade at this event but there are tentative plans to have it at the closing of the market in October. There could be a harvest festival at the market as well.

Tennis Court Enhancements

We will gather information on the use of the tennis courts at Lake Forest Park Elementary School from the following "key informants."

Roger Loschen	Tom
Bill Robertson	Judy
Shorecrest coach	Tom
Rick Purn	Tom
Debra Born	Tom

Tema will contact Peter Hodges, principal to find out whether the public can play on the courts during school hours and if so, whether people use it during this time.

Tema will find out from other cities whether they keep their nets up all year round.

Commissioners reviewed a draft letter to neighbors informing them of potential improvements on the courts and asking for comments. Commissioners recommended including information in the Town Crier too.

Cole Nature Park

We are aiming for opening the park on October 15.

Conditional use permit has been submitted and a hearing will be scheduled shortly.

Field Trip

Tom Kellock will lead new and current members on a field trip to get acquainted with our parks.

Meeting adjourned at 9:00 PM
