

Biased Based / Racial Profiling – Annual Report

Year Ending 2021

Each January, the Support Services Lieutenant shall review the department's effort to prevent bias-based profiling and submit an overview. This report is the overview of department's effort and compliance within state law and department policy.

Report prepared by:
Support Services
Lieutenant
Diego Zanella

LAKE FOREST PARK POLICE DEPARTMENT

Biased Based / Racial Profiling – Annual Report

Year 2021

Bias-based policing is described as the inappropriate reliance on race, ethnicity, or national origin as a factor in deciding whether to take law enforcement action or to provide service.

According to state law (RCW 43.101.410), Local law enforcement agencies shall:

(1) Local law enforcement agencies shall comply with the recommendations of the Washington association of sheriffs and police chiefs regarding racial profiling, as set forth under (a) through (f) of this subsection. Local law enforcement agencies shall:

- (a) Adopt a written policy designed to condemn and prevent racial profiling;
- (b) Review and audit their existing procedures, practices, and training to ensure that they do not enable or foster the practice of racial profiling;
- (c) Continue training to address the issues related to racial profiling. Officers should be trained in how to better interact with persons they stop so that legitimate police actions are not misperceived as racial profiling;
- (d) Ensure that they have in place a citizen complaint review process that can adequately address instances of racial profiling. The process must be accessible to citizens and must be fair. Officers found to be engaged in racial profiling must be held accountable through the appropriate disciplinary procedures within each department;
- (e) Work with the minority groups in their community to appropriately address the issue of racial profiling; and
- (f) Within fiscal constraints, collect demographic data on traffic stops and analyze that data to ensure that racial profiling is not occurring.

(2) The Washington association of sheriffs and police chiefs shall coordinate with the criminal justice training commission to ensure that issues related to racial profiling are addressed in basic law enforcement training and offered in regional training for in-service law enforcement officers at all levels.

(3) Local law enforcement agencies shall report all information required under this section to the Washington association of sheriffs and police chiefs.

The Lake Forest Park Police Department (LFPPD) has established a policy for Biased Based Policing. The LFPPD utilizes the Lexipol Policy system and adopted policy §402, which covers Bias-Based Profiling. According to the LFPPD Policy §402, the purpose of this policy is to ensure that employees of the Lake Forest Park Police Department do not engage in racial- or bias-based profiling or violate any related laws while serving the community.

LAKE FOREST PARK POLICE DEPARTMENT

Biased Based / Racial Profiling – Annual Report

Year 2021

The Lake Forest Park Police Department (LFPPD) strives to provide law enforcement to our community with due regard to the racial, cultural, or other differences of those it serves. It is the policy of this department to provide law enforcement services and to enforce the law equally and fairly without discrimination toward any individual or group.

The LFPPD has a citizen complaint review process that can adequately address instances of racial profiling. The process is accessible to the citizens and is fair. Officers found to be engaged in racial profiling are held accountable through the appropriate disciplinary procedures within police department policy §1017.

According to policy §402.3.1 (OTHER PROHIBITIONS), the Lake Forest Park Police Department also condemns the illegal use of an individual or group's attire, appearance or mode of transportation, including the fact that an individual rides a motorcycle or wears motorcycle-related paraphernalia, as a factor in deciding to stop and question, take enforcement action, arrest or search a person or vehicle with or without a legal basis under the United States Constitution or Washington State Constitution (RCW 43.101.410; RCW 43.101.419). **There have been no complaints or reported incidents in violation of this policy for the year 2021 by any members of this department.**

According to policy §402.4.2 (REPORTING TRAFFIC STOPS), each time an officer issues a notice of infraction or criminal citation, the officer shall make a reasonable effort to identify the race of the violator and document that demographic data in Sector and/or the departments records management system. **In 2021, 1,012 tickets were issued.** Officers identified the race of those violators on the ticket apart from **189 (19%)** tickets issued with unknown race.

In policy §402.7 (ADMINISTRATION), each year, the Operations Lieutenant shall review the efforts of the Department to prevent racial or bias-based profiling and submit an overview, including public concerns and complaints, to the Chief of Police. This report should not contain any identifying information regarding any specific complaint, citizen, or officers. **In 2021, no reports or investigations were conducted regarding minority or racially based incidents.**

According to §402.8 (TRAINING), all members of this department are encouraged to familiarize themselves with and consider racial and cultural differences among members of the community and shall attend training on the subject. Each member of this department is required to complete an approved refresher training course bi-annual, or sooner if deemed necessary, to keep current with changing community trends (RCW 43.101.410(c)).

In 2015, the LFPPD moved from a 5-year rotation of racially based training given to all members of the police department to bi-annual training. In 2020, the LFPPD had moved to training on racially based training with de-escalation training per state law. **Staff remained in compliance with our policy driven bi-annual biased based policing training requirement.**

LAKE FOREST PARK POLICE DEPARTMENT

Biased Based / Racial Profiling – Annual Report

Year 2021

The LFPPD maintains a record management system and collects demographic data on traffic stops and analyzes that data to ensure that racial profiling is not occurring. Below is the available data related to traffic stops, including demographic data:

TICKETS ISSUED

In the year 2021, **1012** tickets were issued.

Tickets are broken down into 3 sections as follows:

- Criminal (Traffic and Non-Traffic)
- Infractions (Traffic and Non-Traffic)
- Parking

<i>Type of Tickets</i>	
<i>Criminal Non-Traffic</i>	55
<i>Criminal Traffic</i>	152
<i>Infraction-Non-Traffic</i>	8
<i>Infraction-Traffic</i>	767
<i>Correction Notice</i>	1
<i>Parking/Notice</i>	29
Total	1012

76% of the tickets issued are traffic infractions and 15% are criminal traffic citations

LAKE FOREST PARK POLICE DEPARTMENT

Biased Based / Racial Profiling – Annual Report

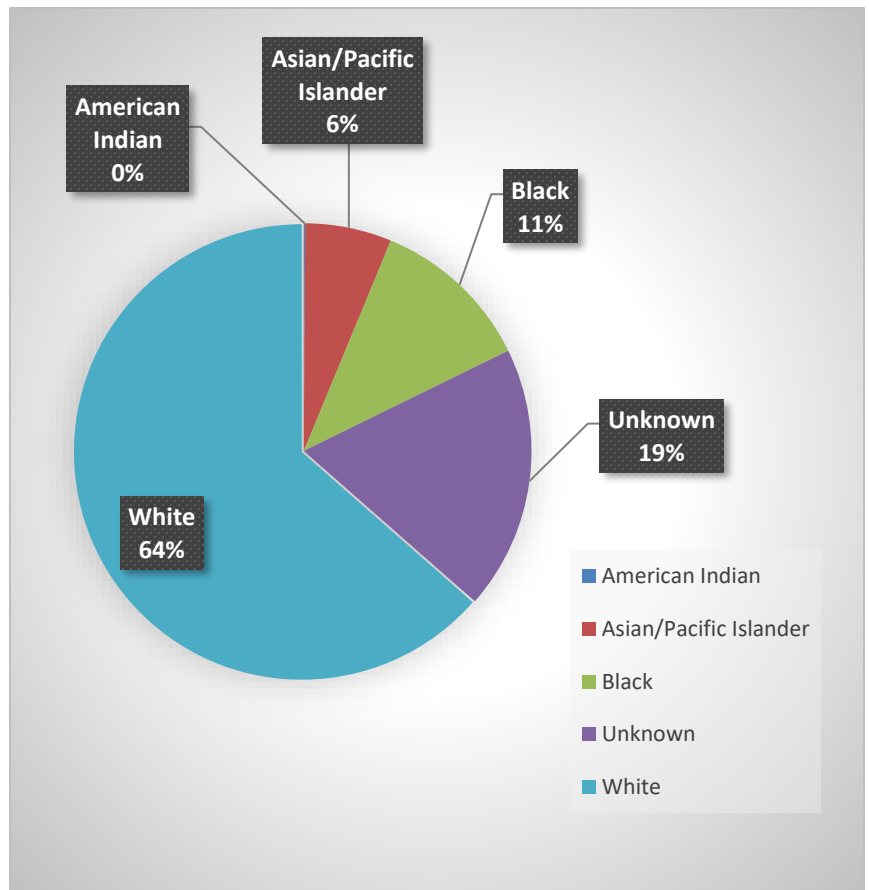

Year 2021

TICKETS ISSUED BY RACE

The records management system breaks down race into 5 sections as follows:

- American Indian
- Asian/Pacific Islander
- Black
- Unknown
- White

In 2021, 64% of tickets issued were identified as white individuals, with the remaining racial description generally distributed between the majorities of minority races.

LAKE FOREST PARK POLICE DEPARTMENT

Biased Based / Racial Profiling – Annual Report

Year 2021

ARRESTS BY RACE

In 2021, **146** arrests were made.

American Indian	2
Asian/Pacific Islander	6
Black	25
Unknown	11
White	102
Grand Total	146

In 2021, 70% of suspects arrested were white individuals, with 17% black and the remaining less than 13%.

LAKE FOREST PARK POLICE DEPARTMENT

Biased Based / Racial Profiling – Annual Report

Year 2021

USE OF FORCE

In 2021, 6 incidents occurred with use of force.

In 2021 there were 9082 Incidents with 146 arrests.

Percentage of Calls Involving Force: 0.066

Percentage of Arrests Involving Force: 4.10

Breakdown of Race

American Indian	0
Asian/Pacific Islander	0
Black	0
Unknown	2
White	4
Grand Total	6

Breakdown of Cause

Burglary in Progress/ Warrant Arrest	2
Theft in Progress – Resisting Arrest	1
Assault /Malicious Mischief	1
DUI – Resisting	1
Pedestrian violation	1
Grand Total	6

Use of force monitoring is a critical function that provides opportunities to evaluate specific personnel in various situations and determine whether training and policy compliance standards have been met. In addition, it permits analysis of data to identify trends that may or may not be indicative of the need for training intervention. Use of force monitoring allows an assessment of the appropriateness of officer interventions.

Given the information and analysis in this report, use of force by a Lake Forest Park Police officer is in fact quite rare. There was no statistical change in the use of force incidents from 2020 to 2021. The fact that officers used force in 4.1% of the arrests made indicates Lake Forest Park officers use force very infrequently. Additionally, it should be noted that no citizen injuries occurred during these applications and only minor scrapes and bruising occurred to officers and suspects. Officers deal with a wide variety of incidents and individuals, while continuing to exercise patience and diligence while using force in a judicious, legal, and appropriate manner.

LAKE FOREST PARK POLICE DEPARTMENT

Biased Based / Racial Profiling – Annual Report

Year 2021

TRAFFIC VOLUME

The City of Lake Forest Park has two State Routes, SR522 (Bothell Way NE) and SR104 (Ballinger Way NE). According to the State of Washington Department of Transportation Traffic Geo Portal there is an average daily traffic volume of 44,000 vehicles on SR522 before SR104 and 53,000 vehicles after SR104.

Average Daily Traffic Volume

State Route	Daily	Weekly	
SR522*	40,660	284,620	*On SR522 between 47 th Ave NE to NE 145 th St in Lake Forest Park
SR104*	15,330	107,310	*On SR104 between 25 th Ave NE to SR22 in Lake Forest Park

Source:

As of 2018, the Annual Traffic Report is no longer published. Point-specific traffic volume data is now available through a Traffic Geoportal map interface located at: <https://www.wsdot.wa.gov/data/tools/geoportal/?config=traffic>.

In conclusion, the Lake Forest Park Police Department (LFPPD) has established a policy for Biased Based Policing. In review of existing procedures and practices, there is no indication of a system or practice of racial profiling.

Respectfully Submitted: Lieutenant Diego Zanella, Lake Forest Park Police Department
