

Citizens of Lake Forest Park,

During the month of September, the Lake Forest Park Police Department (LFPPD) conducted a citizen survey with the purpose of identifying our strengths, weakness, and service gaps. The survey was sent out via City Newsflash to over 1,300 subscribers, the LFP Emergency Notification System to over 700 email subscribers, Nextdoor social media site to over 2,400 participants, and Facebook/Twitter to over 1,060 followers. The survey was made available via the department's website, and it was made available for print copy to be submitted directly to the department.

There were 158 responses to the survey during the period of September 6 through September 27, 2016. In an effort to obtain relevant results, a respondent to the survey was required to either live or own/operate a business in Lake Forest Park. The majority of respondents, 93%, rated the police department as doing an excellent/good job along with 98% feeling very safe/safe in their homes.

Overwhelmingly, the police department received high marks regarding the professionalism of our staff, how approachable and friendly we seem to be, and how well we communicate with the community. Our citizens were also impressed by our responsiveness to community needs, our actual response time to calls for service, and the overall confidence in knowing that our police department can provide appropriate police services to the City of Lake Forest Park

This is great news, and there is so much more of the same throughout the survey responses. However, the more important and actionable information comes from your responses to the questions related to what you feel we can do better. Most, if not all, of the negative comments contained within the survey are linked to service gaps, and/or perceived service gaps. The remainder of this report will be dedicated to explaining more about those gaps and what we are doing to address them – both in the long-term and short-term. The results of the survey can be found at the end of this report.

The number one concern from our citizens is speeding and traffic enforcement, mainly on our arterial roads and neighborhoods. This is not news to the department, as we often receive complaints regarding NE 178<sup>th</sup>, NE 160<sup>th</sup>, Lago Way, Perkins Way, Brookside Blvd, 55<sup>th</sup> Ave NE, and the "Goat Trail" to name of few. This year, the department created a Strategic Traffic Safety Plan to address some of these areas and support our annual Operational Plan <http://www.cityofflp.com/DocumentCenter/View/2695>. The traffic safety plan has four components; Speed Reduction, Impaired Driving, Distracted Driving, and Occupant Protection. A noticeable measure will be the deployment of newly acquired portable Active Speed Warning Signs, which will be used in neighborhoods as a visual deterrent to reduce speed and gather relevant data to help deploy our staff more efficiently. However, as you can imagine, the number one deterrent for speeding is active speed enforcement. Both the survey and our own staff scheduling model identifies this as a huge gap. The department has one officer assigned to traffic enforcement but that traffic officer has rarely been able to concentrate his daily work on traffic related enforcement due to staffing challenges created by various factors over the past several years. Rather, he has been assigned to a patrol squad due to minimum staffing requirements (see minimum staffing discussion later in this document).

The City is in the final stages of entering into an agreement with a consulting firm to launch our Safe Streets initiative. The goal of Safe Streets will be to work with neighborhood groups to identify our top safety concerns for pedestrians and bicyclists in the City. What that means is that we will be developing, with your help, a list of priorities with regard to traffic calming and other measures to make our streets safer. Once we have our list, we will begin the process to appropriately addressing the issues identified.

Your next concern identified was the lack of neighborhood patrols by our officers to help deter property crimes in our neighborhoods. Once again, the Police Department has identified neighborhood and proactive patrols as a high priority in our annual Operations Plan. Daily, our staff patrol neighborhoods as time always looking for suspicious activity. However, because of the demands for our calls for service and our minimum staffing model, we are not as present in neighborhoods as we all would like. However, we rely heavily on our citizens to be the eyes and ears for us, utilizing the 911 call system to promptly notify us when something is out of place. In 2015, the Police Department arrested 20 individuals for residential burglary, eight of which were caught in the act and called in by our citizenry. The partnership between our citizens and the police department cannot be overstated.

Speaking of the 911 call system, there were a couple of comments regarding the use of our non-emergency line to report a crime. As a general rule, we would like all police calls for service to be vetted through 911. If calling via cellular phone, notify the dispatcher that you would like to be transferred to the Bothell 911 Center to report a crime. By doing so, all calls are logged and tracked in our computer aided dispatch program, and most importantly, all calls for service will be answered by our staff.

Another concern was related to foot patrols in neighborhoods, businesses, and schools. As you can see from the above, this type of activity is more about capacity. The schools are our priority. We try and have an officer on foot patrol every day at each school, either in the morning or in the afternoon. We do get complaints about bicyclists on the Burke Gilman Trail. The trail is considered a King County park and under their jurisdiction, although when we have the resources available, we try and enforce traffic and other violations.

The citizens of Lake Forest Park, like most any other city in the United States, want its police officers trained to the highest standards. There were several comments regarding use of force, biased based policing, and de-escalation training. When reviewing our Operational Plan, you will see that our Goal #3 states: *Provide appropriate resources to employees that foster a safe, ethical, innovative, knowledgeable, and diverse workforce.* Our officers are attending the latest in cultural diversity training, crisis intervention training, crisis intervention training with use of force options, and Blue Courage training <http://bluecourage.com/> to name a few. Annually, the department produces a Racial Profiling report that digs into our enforcement data looking for trends. I am very proud to report that the department has not received a complaint of biased based policing, excessive force complaints, nor have we seen any indication of it through our reporting data.

Over the past several years, the police department has attempted to work on our community outreach. We are now on Facebook , Twitter , Nextdoor , and we have created the Lake Forest Park Community Partners Emergency Notification System. Annually, your officers attend every

National Night Out party on the first Tuesday of August- last year there were over 30 gatherings. Our staff is committed to community service, as we participate in the Chief for a Day program, Shop with a Cop program, and sponsor an annual Salmon Bake for Special Olympics. For those respondents that would like more information about our outreach activities, would like to start a Block Watch, join Crime Watch or our emergency worker volunteer corps, or would like to be added to our notification system, please send an email to [police@cityofflp.com](mailto:police@cityofflp.com) and we will set you up.

As stated above, most of our service gaps are related to our staffing capacity. Recently, we completed a staffing survey for the Mayor, who is currently evaluating the results. It is the policy of the police department to never fall below the basic minimum staffing, which is two patrol elements assigned to work the streets at any given time. Minimum staffing is particularly common in small communities where there are relatively few citizen-generated demands for police service yet residents expect a minimum number of officers to be on duty at all times. Also, this type of staffing model ensures only the minimum level of officer safety, knowing that at least two officers must respond to certain types of calls. Lake Forest Park is a small community, however because of the demands for service and the expectation of our citizens for response, the minimum staffing model is not working.

Often, officers are challenged with multiple simultaneously occurring calls for service and may rely on our partner agencies (Shoreline PD, Bothell PD, and Kenmore PD), to respond to the City in an assisting role. It is often frustrating for department staff to work with only one other officer during a shift. The current staffing model limits the proactive work which is a key element in preventing crime before it happens. Finally, it negatively affects the capacity of the City to properly handle all situations, exposes additional risk, and does not provide for the best community and officer safety.

As mentioned above, the minimum staffing model effectively eliminates our dedicated traffic enforcement position by requiring that officer to work as a general patrol officer. Our traffic officer had to be assigned to fill a general patrol position for three months in 2015 and six months in 2016. As indicated in this survey, we asked you- *"We are always trying to do a better job of serving our citizens. For your neighborhood, how can we increase our service?"* 45.6% of respondents indicated *Police Officer in Patrol*. Additionally, minimum staffing severely limits our general patrol officer's abilities to participate in special emphasis traffic and DUI patrols which are grant funded- we have the grant funds but not the personnel to fill those spots on a consistent basis. Our narcotics canine officer has also been relegated to general patrol duties for the entirety of 2015 and 2016 which has had a significant negative impact in their availability for proactive criminal interdiction activities and to partner with other proactive activities envisioned in the department's Operational Plan.

Regardless of our staffing levels and our daily capacity, the employees of the Lake Forest Park Police Department have your best interest in mind. When I speak to individuals and groups here in the City, I often tell them of our efforts and priorities. I understand we are not perfect and we do make mistakes, it is my belief that we are focused on meeting the expectations and providing the best in public safety services for our citizens. As you read this report and the results of the survey, and have comments/questions, please email me personally at [ssutton@cityofflp.com](mailto:ssutton@cityofflp.com).

# COMMENTS

ID	Other concerns?	If Other, please explain	How was the contact made with the Police Department?	What you like best about the Police Department.	What improvements you would most like to see implemented.	Other comments or ideas:
1391			911 and in person	Very personable. Great response time and a genuine concern for the neighbourhood. Constantly told to call if we see something.	Keep up the great work!	Speed abatement measures on Lago Place NE. Very popular walking area with no sidewalks. Traffic can move pretty fast hugging the slight curves in the road. Even a study on the road to see if my qualitative assessment is accurate would be appreciated.
1392			interviewed as witness to fatal pedestrian/vehicle collision	Approachable	More traffic patrols on 160th during peak commute	
1393	heavy traffic on Bothell Way		email	very friendly, approachable	slow down on Bothell Way, safe crossing between 165th and 154th Street	
1394			Neighborhood safety meeting	Your transparency and frequent updates		
1395			911 call	I love the increased communication from the department and the focus on rebuilding the Block Watch program.		Thank you for all you do to make our neighborhoods safe!
1396		I would love to see someone waiting for speeders on NE 160th (leaving the high school) or on 35th Ave NE where 160th ends during commute times. We've had a few of those speed signs up, but they don't seem to do much good. People speed down our street all the time. If a patrol car was parked in a driveway or on the	I went to city hall and spoke with someone in the police department.	Everyone I've met has been super friendly and professional. I like seeing them drive through our neighborhoods and know they're keeping an eye on things.		

		side of the road you could issue a ton of tickets every hour during commute times.				
1397	Speeding / reckless driving on Perkins Way NE		emails & neighborhood meeting	Very fast response time / good communication	Continue good work with burglary control. I would like to see speed monitoring on Perkins Way NE. There are lots of walkers, bicyclist, and animals on our street at risk from chronic speeding and overuse.	I would like to see Perkins be turned into a "local access only" street.
1398	I don't know if this is an issue the police can solve, but the high level of mentally handicapped folks who just get dropped off at the Commons is a concern for me. Usually it's just fine, and everyone has a right to be there, but it's starting to feel like a dumping ground for mental health workers to go take a break, and sometimes those folks can get upset/violent.	It would be nice to see the police in the commons/town center more...have a cup of coffee and socialize: It's time well spent.		The officers have always struck me as friendly. I think that's important, we all need to build up goodwill in the good times to draw against in the bad times.	Less "in the car time" and more "out and about among folks" time.	keep up the good work. :)
1399	School safety. I have 2 children in middle school this year. One moving to high school next year. My safety concerns range across all hazards in school settings.		911 call	Transparency, professionalism, community involvement/dialog, positive "extra-mile" attitude (e.g. the reminder not to set off fireworks within city limits came with a list of events/locations where fireworks were organized professionally)	More patrols and visibility during "burglary hours" - if there is such a thing.	Dialog with parents about youth drug use and prevention (high school students).

1400			Crime Watch member		More traffic enforcement on Brookside Blvd. NE	If possible, have enforcement for speed between 3-5 PM weekdays and anytime at your convenience on weekends. Speeders going WAY over 25MPH.
1401			home break in	approachable - professional - feel like part of the community	traffic enforcement - too much speeding in LFP	
1402			Through 911	They are friendly and helpful. Excellent in sending updates and information on what's going on throughout LFP.	Continue catching the crooks breaking into homes!	
1403				I have had little to no contact with the department but I truly appreciate they services provided.	My family and I live on NE 160th. I would love to see more policing of speed limits in the surrounding areas, in particular those by the three schools that are all within 4 blocks of our home. We have a number of new families moving in with small children and traffic safety is a serious concern.	
1404		Enforce no cut through on NE 178th	Verbally, and my concerns were dismissed as not important		Enforce no cut through and speed on NE 178th between 47th Ave NE and Uplake	
1405	We have a lot of drug activity on our dead end street which concerns us greatly, plus we have a lot of commuters parking at the dead end which we feel is bringing car prowls/break-ins to the area because they know the owners won't be returning for sometime.		phone, in person			

1406				The presence and professionalism. I like to see the cars on patrol throughout the city.	Larger police budget. Feel free to reduce the parks budget.	Since the idiots in the city council find it convenient to allow marijuana production, sale and use in the city, the police department should be better funded.
1407			Neighborhood night out	Immediate response to all problems. I feel very well protected in LFP and the community outreach you are conducting.	Nothing I can think of right now.	
1408			I reached out via phone call to an LFP police leader about how to dispose of old ammunition recovered from parents house and was enlightened on proper disposal and the minimal risk this product posed.	For a small department, they are very professional and are attentive to our communities requirements. The police chief does a good job of communicating public safety messages and keeps the community informed of crime awareness.	I would like to see more in the way of community outreach and availability of programs that the public can benefit from.	
1409				Your professionalism and prompt action when needed.	None that I can think of.	Keep up the great work!
1410						
1411			phone	friendly,		No free RIGHT TURN @ Ballinger to Eastbound Bothell Way. There is not a clear view of traffic or buses. Burke Gillman Trail users have a "Walk" signal. This creates a very dangerous situation.
1412				Appreciate the updates we are given on Nextdoor	More patrol to cut down on burglaries; enforcement of speeding violations in my neighborhood, particularly on 47th Ave NE.	
1413			Street blocked by power line	Very responsive and professional		

1414			by phone.	I like best that I see the patrol driving by my street every so often.	What we will need to watch for if there is something bad happening.	More awards given to police members for the great job they are doing.
1415			via 911 to report suspicious activity	They are responsive, professional, friendly, and have a presence in the neighborhood without making it feel like we're constantly being watched	None. I think the job you're doing is fantastic and it's great the way you work to engage the neighborhood	
1416			phone call	Visibility and friendliness.	Would love to have car(s) located at the intersection of 195th & Ballinger. So many people run red lights at this intersection, one or two patrolpersons could be kept busy all day long.	
1417						
1418			Policing BGT	Local policing is always best.	Automatic tickets for speeding on 522	
1419			National Night Out Against Crime	I really like how present the police are in LFP. I feel like I see them all the time and it's comforting.		
1420			in person and by phone	The interaction with police in public forums and online.	Continued dialogue with residents about diferent issues.	
1421	<p>Cut threw traffic speeding through our neighborhoods.</p> <p>Developers clear cutting- I know these aren't really the domain of the police... but can't it be? You are doing such a good job in contrast to our city. Maybe you can help the city with communication too. =)</p>	I am actually very impressed with the service you provide to our community.	by phone	The communication has been just right. It allows me to feel that there is a personal relationship with our police and therefore feel safer without feeling like we are living in a police state. I also liked the sensitivity training they must be getting as the the police who I have had interactions with were very aware of not stereotyping	I guess in light of what I wrote, it is nice to see the involvement of the police in non crime situations as it gives the community a chance to gain a positive familiarity. It would be nice if we can know who our police people are not just as people in uniforms, but maybe who they are as people too?	

				people. Finally, our police force feels like they are apart of our community which is a very comforting feeling.		
1422			We called 911 to report car vandalism. Officer responded quickly; was excellent.			
1423				visibilty	I none that I can think of	
1424			I stopped to give some legal assistance to a motorist that had been stopped by the LFPPD and I was pushy, intrusive and distracting to the officers. The older more experienced officer took me aside gently and asked me what my interest in the situation was. He very deftly told me what the stop was about, calmed me down, and not to be concerned. The other officer - much younger, was more "I'm the cop and you do what I say NOW." I was extremely impressed with the older officer's way of de-escalating the situation of an intrusive, older LFP resident. I am pleased to be able to tell of this occurrence now.	The capable and thoughtful way of de-escalating situations. Its prompt response to middle of the night calls,	Not much, really.	
1425			call/visit	It's our community police force with a total focus on LFP - not	Just better patrol of the BG Trail	none

				consigned out the the Sheriff's Dept.		
1426						
1427	Speeding on 178th between Brookside and Ballanger			Not much interaction with the Police Department	I would like to see more patrolling, stop signs or traffic circles on NE 178th to help with speeding cars. This has been a real problem since I moved here	I don't believe your speed machine works as I have watched it as it is usually across the street from my home and it is not registering the right speeds people are driving.
1428						
1429	The Fourth of July. Fireworks are illegal, yet they are constantly going off for at least a week before the holiday and for several days afterwards. I am very concerned about fire and the noise itself is really problematic, especially for animals. How can we better enforce the fireworks ban?	Extra patrol on 4th of July	Phone	<p>- Responsiveness. When I have had noise complaints, an officer is out quickly.</p> <p>- GREAT job in installing flashing lights at the crosswalk on Brookside Blvd. near the fire station, and also disallowing left turns onto Bothell Hwy from Brookside Blvd.</p>	<p>(1) Increased enforcement and patrol on 4th of July for fireworks ban.</p> <p>(2) Confidentiality. There have been 2 noise complaints on our street where somehow, the offender got the name of the person who complained and came to their house to harass them. One was me, and one was a neighbor. I called and asked if the name of the person reporting the issue would be given to the offender and the dispatcher said no. I don't understand how the offenders got the names, and it really concerns me, especially if the person who was committing the offense was dangerous/drunk/etc.</p> <p>(3) Some kind of speed abatement on 25th Ave NE between NE 178th and NE 175th. People really fly up and</p>	I'd love to see a 4-way stop at the intersection of NE 178th, NE 180th, and Brookside Blvd. (by Animal Acres Park, Eagle Scout Park and the church/school). That is a dangerous intersection with some visibility issues. It would also slow thru traffic.

					<p>down that hill and around the curve.</p> <p>(4) Work with Shoreline PD (who has not responded to my request) to install a left-turn arrow signal at 15th Ave NE (southbound) and 24th Ave NE.</p> <p>(5) Work with Shoreline PD and/or highway patrol (neither of whom have responded to multiple requests) to prevent right turns on red for eastbound drivers on NE 175th accessing the southbound I-5 onramp. This is a major hazard and a bottleneck during morning commute hours. Eastbound traffic needs to stop if their light is red/the left-turn light for westbound drivers is green.</p>	
1430	unwelcoming to new comers, neighbors hostile, roaming dogs, barking dogs, mail theft	patrol cars on occasion		information via next-door	neighbor complaint/ intervention/ mediation for fences, encroachment etc.	
1431						
1432						
1433			911 Call	Very responsive - I know for a fact that other police departments (Seattle) don't respond in a timely manner to issue in the neighborhood.	Would like to see more patrols on the neighborhood - seems like there used to be more, but maybe I'm just not around when they happen.	Overall - very happy with the LFP Police Department. Exactly the level of service that I expected when moving up here (now 11+ years ago)
1434			phone	Their response time - their professionalism - their friendliness - the regular	I don't have any complaints, just praise	I live on xxx which is a dead end street t-ing at Shore Drive. There have been a few

				emails from Chief Sutton. He is beyond amazing.		incidents and I'd appreciate more presence.
1435			email	Quick response	Traffic enforcement/pedestrian safety at 170th & Bothell Way	
1436		use the cameras to catch speeders and other traffic violations	talked with them when they were setting the school cameras.	They have much improved since I moved here.	We have so many speeders throughout Lake Forest Park side roads now.	Thanks for all that the police do currently
1437						
1438						
1439			by neighbor as 8 mailboxes were broken into and officer contacts all of us			I like that Steve Sutton does regular updates online in next door
1440					None	The size of the police department is adequate for our city. We do not need more officers, undercover units, siu etc. It is important for the City to balance overall service and not concentrate only on one department. In a nutshell, we do not need additional funding for the police department.
1441			phone call and in person	That this is an actual municipal police department and not contract employees from King County.	Increased funding to support more officers, equipment, and support personnel , and a more robust presence in the city at all hours. I used to see patrol vehicles on my street at least twice an evening, now I rarely see one.	
1442			National Crime Night out.	The presence, keeping us informed, the professionalism.	None at this time	

1443			Police came to our door.	Their community outreach, keeping the public informed.	I would like to have a traffic light camera to catch people running red lights at the intersection of Ballanger way and Bothell Way. I see people run that light several times a day. I think that is a very dangerous intersection because of it.	I would like to see some of the big trucks with the loud exhaust pipes pulled over. They are incredibly noisy on Lake City Way/Bothell Way.
1444			I went to police station	every contact we have had has been with officers who are polite, concerned and helpful.		
1445			Officer at our home investigating a neighborhood crime. Chief Sutton at Neighborhood Night Out a few times.	Awesome communication, dedication and commitment to professionalism!	You are all over it! Thanks for such great work. We are very lucky to have this team with such a great culture.	
1446					Bike patrols	
1447			Telephone	Good response time and things are well explained.		
1448			by calling	Visibility		
1449	You guys and gals are awesome - we LOVE you. My only concern is that we work hard to avoid racial profiling...I want people of all colors and walks of life to feel as safe and welcome here as I do. I live here in white privilege...it's easy for me to feel welcome. We have to make a concerted effort to make everyone feel welcome.			I love the leadership of the chief - approachable, seems transparent, focused on building community. Every contact I have had with an officer has been respectful and positive.	LFP is getting more racially and economically diverse. I would like us to work more on equity for all our neighbors.	
1450			through 911 house alarm	the friendly employees		
1451			false alarm	Community involvement, successful crime policing and a community engaged police chief.	Speeding on arterials in LFP. The city used to have a rep as a speed trap. Personally, I wouldn't mind if it regained	Reinstitute visible radar traffic patrols on arterials on a rotating basis. Never let 'em know where a trap might be :-)

					that rep. It could dissuade many potential jackasses from speeding in LFP. It could help prevent loss of life.	
1452			National Night Out event			
1453			Blockwatch	friendly, solve crimes	patrol more often	
1454			neighborhood night out	doing a good job under current budget		
1455			phone and in person	Diligent on working thefts/robberies and getting the bad guys. Community outreach.		
1456		officer in patrol car		Local nature.	We have seen several contacts with a nearby neighbor. Recognizing privacy concerns, we wonder what is going on and if we should be concerned. Woud. Officer or email contact with neighbors be possible?	When walking one night we saw lots of helicopter with searchlight activity. We wondered if there was a danger we should be aware of. How could we find out?
1457			Block watch meetings	Access and willingness to come to Block parties and host evening neighborhood gatherings.		
1458			1) Stalking/harassment complaint 2) Alarm went off at our home	Personable, approachable, concerned, and seem to be quite involved/invested in our community.	Traffic/speeding laws enforced - esp. on the few streets around here that actually have sidewalks and thus see more foot traffic/bus stops/etc.	How about one of those signs that tells you how fast you are traveling down 47th ave NE? I know you say you've studied this area and have not found a lot of violators, but as someone who walks that stretch everyday, I assure you a significant number of people are speeding (otherwise there wouldn't be a huge gush/wall of air that hits you when they pass by), encroaching upon the sidewalks/shoulders, and

						generally not driving responsibly around pedestrians and school bus stops. This is a real concern for those of us to live and walk this area all of the time. Thank you for your consideration.
1459			Never saw an officer, but received a speeding ticket two blocks from home dispensed by camera patrol.	Availability	Either use all those patrol cars or hide them somewhere.	
1460				They seem prompt, efficient & not omni-present (meaning it feels like they get the job done without you feeling like you're living in a militant state).		
1461	Barking dogs			the Chief seems to really care about the community. Often there is a car driving through our neighborhood		
1462	Mail theft Daytime break in's	More residential 25 MPH signs on roads like NE 182nd speeding commuters need ot be slowed down - dangerous kids etc..	Someone broke into my home in the middle of the day. On more positive note I see officers at ZNE 182nd street party - a welcome sight. Very pleasant community recognition	Friendly...we are all people and Police officers are no exception...a difficult job and most of us recognize that and want a good relation with those that serve and help in community.	Mostly related to logistics of commuters driving entirely too fast on residential streets.	
1463				They care and do a great job of protecting our community.		
1464				professionalism	continue to emphasize hiring diverse officers	I get the impression that the LFPPD has too many vehicles (as noted by those parked near

						City Hall), leading to increased costs. Thanks for asking!!
1465		cruising the neighborhoods. Make presence known	response to burglary alarm	Officers seem diligent and very polite and caring. Make me feel safe and that someone is listening to me.	More neighborhood patrol	
1466		More frequent speed limit monitoring	Written communication with chief	Responsive		
1467						
1468			visit to LFPPD	Timely communications		
1469			When officer was dealing with traffic issues in our area			
1470				We are safer because of the Police. You put your lives on the line for us and I am so very grateful. You have a hard job and do it well	Better race relationship between police and minorities. I don't know if it is a problem in LFP, but I hear about it.	
1471				Friendly. Committed.		
1472	homeless	Can't answer because don't know what police presence is regularly assigned to my neighborhood. Rarely see police car or personnel here.		The Police Chief: accessibility and public presence. Ongoing efforts to be in touch, improve, and communicate.	Plan for the day we will have homeless visible.	Keep going in same positive direction and keep us informed!
1473			A neighbor's house was robbed.	Very friendly and approachable. Really appreciate what you do to positively connect with LFP Elementary and its students (where we have children).	Can't think of anything right now. Really appreciate that our little LFP has its own police department. We would be very under-served, I believe, if we were to be a part of Seattle or another district.	Thank you for all you do for our community!
1474		traffic enforcement, people speeding through LFP	Sunday farmers market	The commitment to being approachable and to understanding community's needs and interests.	I'd like to see better traffic enforcement. Ballinger and Bothell Way are the main roads through LFP. I think we should make all other corridors people race through less attractive for being	Let's generate a strong reputation for not being somewhere you can speed without getting a ticket. And, I would think it could be a great way to increase revenues. More speeding tickets please!

					treated as a thoroughfare. Speed bumps, regular traffic patrols, speed abatement measures like the traffic circles and cobblestone/rumble bump cross walks, etc.	
1475	The school traffic cameras are terrible, most not even being near a school.		non-emergency police number	Follow-up, Crime Watch		
1476				They care.	Maybe more help for their department.	
1477			Officer came to Neighbors Night Out	the new report ahead when you see something suspicious and Next Door neighbor reports		
1478			meeting at watercrest apts. And officers talking to me when i'm walking the dog.	Their friendliness and responsiveness to our questions and needs.		
1479	Irresponsible driving in pedestrian areas  Irresponsible burning - burning during burn bans and burning wet wood or damping down too far creating way too much pollution - we need enforcement of burning regs			Everyone is so approachable and competent	Stronger enforcement of traffic in pedestrian zones including roadside paths along roads where there are no sidewalks. Stronger enforcement of burning regulations and smoke production.	Help community members know how to deal with road rage i.e. often when I'm driving the "school zone" speed there's an angry car on my tail. Its nerve racking to say the least. What to do? And as more trees are removed, things are opening up and housing development increases I am witnessing an obvious increase in what I consider dangerous driving and walking conditions.

1480	Pedestrian safety--this is sort of "traffic violations" but not really. Will involve working with planning folks more than strictly law enforcement.	More reminders to drivers that the speed limit is 30 and there are lots of peds		We have lived here a short time, but the police department seems approachable and interested in community policing, which is great. I have not had enough interactions to know whether my perceptions are true, but in general, I think the department has a decent relationship with the community...and that's important given events around the country.	Most of my gripes are more with planning and traffic control at a planning level than police enforcement. But I guess that is part of the equation. I've lived in many states and many cities and LFP is the least pedestrian-friendly community I have resided in. As an avid walker and cyclist, I'd like to see this improved.	There was a recent spate of car prowls in Horizon View--I liked that the department used NextDoor to communicate the break-ins and remind people to lock-up. Disseminating this information was great. Sometimes Nextdoor is a little quick to judge "suspicious" people, which irritates me, but I will stay tuned as I think it's nice that the city and police dept. use it as a communication tool.
1482						
1483				Fast and quick response	None	
1484					More de-escalation training/community policing efforts. Bring back the police officer who plays with and connects with kids.	
1485			by phone/email regarding	responsiveness	slow traffic on ballinger way - speeds have crept up again	Too many mailbox robberies
1486	Speeding, especially on NE 178th St.	station police on NE 178th St.	I called 911	They are prompt. and professional.	More monitoring of the speeding on NE 178th St..	
1487	Lack of adequate street lighting and sidewalks makes me feel very unsafe when walking in the dark or taking my young daughter for a bike ride.		VIA 911	Commitment and dedication to the community and residents. Your presence at the annual summer block parties. Giving us the freedom to call 911 even if there is a suspicion that something doesn't seem right.	More of a police presence (watch) patrolling our area. Just your frequent presence can deter burglaries and other crimes.	
1488					Since many volunteers get fingerprinted now days, I would like to see that implemented at the LFP	

					station. As a resident, it's hard to find another city's police station who will do that for a non resident.	
1489				I appreciate that it is visible and concerned with citizen safety.		
1490						
1491			In person with an officer in his patrol car and via 911.	Officers seem to have the best interested of the community in mind. That is what our family most wants from the city and city services a focus on quality of life of residents.		
1492	If by loitering, you mean homeless or transients setting up sites in LFP - then, I would place this higher. As Seattle fails to deal with its growing homeless issues, I fear that this issue will migrate north. I also believe that drugs trigger most of the other problems you list in this survey.	Even though it is outside LFP, I wish there was more LFP police visibility at Shorecrest and Kellogg, working alongside the SRO there.	We called 9-1-1	Quick updates on when a trend in crime develops via email or other communication (i.e. "six break-ins in the last week near Neighborhood A")	Quick updates on when and how you nail the criminals - not so we let our guard down, but so that there is closure to that trend.	More communication via Shoreline Area News.
1493			911 / In person response.	The LFP police seems genuinely concerned about citizens and makes proactive investment in the health of our community, not just reactive responses to incidents.	There is a tendency to ignore lower risk activities (abandoned vehicles and homes) until there is a crime. There are a large number of door to door scam artists at work.	
1494		speeding traffic patrol	email	Quick response rate	More police presence in neighborhoods	
1495	I have spoken to police officers on several occasions regarding the traffic on our street. We have no sidewalks. Each time the police officer said: there is		Face to face		I would like to see the police more concerned about traffic management. I would like to see the department offer solutions - like organizing	

	nothing we can do. Not a very caring or helpful remark.				blocks to choose traffic calming strategies.	
1497	Problematic neighbor that sneaks onto property to steal and cause problems. I placed 8 cameras around house, but he attempted to poison dogs. Two police reports have been filed. I believe he's been inside my house on more than one occasion, but not since cameras were installed. I did catch him pulling a 30 foot branch onto my property in the dark and confronted him with that, telling him to not come onto my property again. I am in fear for my safety and my dogs' safety.		Once in person, once on the phone	Chief Sutton's posts on Neighborhood	More help with troublesome a neighbor,	
1498						<p>I am not aware of safeguards built in to the LFPPD hiring process, but have seen the results of other cities poor choices in hiring police officers which have resulted in victim payouts at the expense of the city (i.e. Seattle).</p> <p>Please do not expose our city to such potential liabilities.</p> <p>I want to see the bar for hiring be raised, even if opening go unfilled, to include</p>

						investigation of any prior citizen complains in the applicant background check.
1499			Neighborhood night out	They are working hard to inform citizens, solve crimes and promote prevention. i am impressed by Chief Sutton's efforts to interact with the community.	Spend less time on traffic enforcement and use it for neighborhood patrols.	
1500						
1501			night out against crime	The friendly, personable, officers that come to Night out against crime. Officer Steve Sutton and the emails I recieve from the department.	Unsure. Always like ways, ideas, suggestions, for families to be safer in their communities.	
1504				Communications on Next Door are frequent	I'd like to see police officers getting into the neighborhoods more often. The more they know the residents, the more the residents will feel comfortable. And the more the officers will see what's out of place/unusual.	
1507	Tree ordinance enforcement, when Planning Department is closed I expect response from a 911 call. Some neighbors say they have been rebuffed by 911.		response to a hit and run near my home			
1508	1) environmental- nearly all illegal activities that harm our community's resources for the long term occur on Friday evening through Sunday. This		robbery			

	might not seem like an emergency, but truly-documentation, and possible stop of illegal activity requires our police force					
1509		Non-emergency dispatch always available (live human always picks up)	Non-emergency dispatch	Professionalism and friendly demeanor	Non-emergency dispatch always available (live human always picks up)	I recently witnessed an arrest in front of my house in which a young man of color (who was apparently unarmed) was detained. The initial responding officer's reaction seemed extreme (under what I was perceiving as the circumstances) and I've frequently wondered what caused the initial call-for-service and how the young man was eventually processed. I've also wondered if racial stereotypes played any role in how the initial officer reacted (though my subsequent observations indicated the suspect was reasonably treated after that). Do you perceive that you're having any issue with racial profiling in LFP?
1510	We called the non-emergency line one night, trying to get help for someone who'd had a car accident, and couldn't get an answer--very frustrating.		investigation of vandalism--detective came to us--she was excellent			
1511	Barking Dogs! (aka 'noise)			For the most part they're pretty 'invisible' AND yet I feel very safe and protected.	Seem to be doing just fine.	

1513			national night out.	Not like the Seattle Police Dept. but we are in a bubble here.	Traffic enforcement on my street. 178th st between 4200 block and Uplake/Kenmore.	Its unfortunate that the police department operates on a shoe string budget ("only for essential services") given the amount of taxes I pay per year, its really not an equitable arrangement. LFP is growing and it would behoove you to rethink the allocation of resources before its too late and something bad happens. I love where I live and don't want to see it go downhill.  Thanks.
1514		I was nearly bitten by a dog that escaped its owner in front of Great Harvest Bakery recently. The owner was uncooperative, so I went to the Police Station to report. Staff was not very helpful, and had me phone in, even though I was right there! There should be more of an ability for the community to connect while at the Town Center if there is a problem there.	See question 5. Also I emailed police chief and he did not respond.	Local and community feel.	Police officer available to talk to at Police Station if practical. See question 5.	More work with community to improve bicycle/pedestrian safety. Changing our infrastructure to promote lower traffic speeds with speed bumps, traffic circles similar to what City of Shoreline and Seattle do. Police dept. should be more proactive to encourage City to do more.
1515				Regular updates and reminders on Nextdoor on how to stay safe.		Additional pointers on ways homeowners can improve security - security cameras (do they work?), locking mail boxes, etc.
1518	stolen mail				change communication so you do not rely so much on Facebook.	

1519				Proactive communication...	<p>Only give traffic citations when the driver is actually endangering pedestrians, not for ticky-tack violations. I've gotten two traffic tickets over the past fifteen years in LFP, and both were for ticky-tack violations where nobody was endangered.</p> <p>And please enforce bicyclists blowing through the Stop Sign at 165th &amp; Beach Drive on the Burke-Gilman Trail. I've almost been hit their several times.</p>	More day-to-day visibility via foot and bicycle patrols. Get officers out of their patrol cars.
1520						
1521	Police training in deescalation, mental health knowledge/awareness/issues, and education around profiling of any kind, especially learning about the insidiousness of personal bias (that we all have).		Officer pulled over my parents from Portland. They were a little lost trying to find our new house and inadvertently made a "California stop". The officer reminded them to stop a bit longer at intersections and then helped them find their way. They are in their late 70's and really appreciated both the help and the reminder.	They have a pretty good reputation with the people that I know.	Add a FAQ about training programs/goals so they are more obvious to residents. Or maybe I don't know where to look to find out.	
1523	Keep homeless encampments out of LFP.		via 911	You're talking to us.	Not sure.	

1525				The volunteer neighborhood crime watch guys who drive around and check on people's homes when they're away is the most helpful service!	The volunteer neighborhood crime watch guys should be paid.	We appreciate the police not wasting everyone's time by ticketing dogs running off-leash at Horizon View Park. Very often people with pets are the only ones using the park, especially on rainy or wintry days. We used to be harrassed by the police but they have gotten much friendlier. Thank you. Good dogs should be rewarded with playtime, and playful dogs turn into good dogs so its a win win for everyone.
1526			I called, then an officer came to my house.			
1527	<p>1) Setting up Active Shooter training/drills in LFP and Brookside elementary schools and private daycares within LFP.</p> <p>2) Ensuring that 911 dispatchers are trained to field/diagnose mental health-related incidents when taking calls. This triage could involve asking a specific set of questions to determine whether the incident being reported involves a mental health issue. If so, then there should be certain steps to involve mental health professionals and/or an ambulance to accompany the police.</p>	See my above list of concerns/recommendations	Police officers came to our neighborhood block party to get to know the neighbors and dispense safety information.	The police station is near my neighborhood, so it feels like they're easily accessible. I like the police department's proactiveness in reaching out to my neighborhood and introducing themselves.	I'd like to see the police department actively trying to engage with the communities of color to build great relationships with them. LFP is a predominantly-White neighborhood, but that dynamic is changing, and as more and more new (mostly) families move in. Lastly, incidents involving mental health illnesses seem to be on the rise, so 911 dispatchers and police must work together to make sure that these incidents are treated differently than your typical crime-related incident.	

	3) Regular testing and treatment of police officers for PTSD, as well as regularly testing for racial bias					
1528	Please support training and equipping (arming) of select volunteer teachers and administrators as first respondents (and deterrents) in school attacks and other emergency situations.	Great as is. THANKS!	Primarily through CrimeWatch Patrol. Also, a response to a call from a neighbor about an activated sub-pump alarm. Handled perfectly.	A superb level of professionalism and commitment to Lake Forest Park.		THANKS!!! Please just keep on keepin' on.
1529			Community event.	Local control.		Concerned about the appearance of officers; tactical/military style uniforms and weaponry very disturbing and inconsistent with our low crime rate. Offputting.
1530		Don't really know yet. Only lived here 3 months.				
1531				That it is a LOCAL police agency and the services are not contracted out to a much larger agency. Our officers become very familiar with what is "normal" and can easily identify when something is atypical.		I would like to make sure that our officers are paid a competitive compensation package to attract quality personnel and minimize turnover
1532			National Night out			
1533		hope you can get \$ to add more police to the force	phone and in person	The officers are all very professional and friendly.	Adding more police to the force.	
1534			911	Patrol presence & visibility.	More patrols in neighborhood.	Need more vigilant patrols of areas around Burke-Gilman access points, especially at parking areas. Our street's trail access near our home on NE 153rd has frequent late- or overnight cars parked (often with occupants), and garbage

						strewn about the small area that include public health concerns such as drug paraphernalia, human waste, and condoms.
1535	Wood smoke from fireplaces and stoves			Under Chief Sutton, the LFP Police force has become a true Community Police Force.	A bit more attention to speeding violations in the Lago Place neighborhood	
1536						
1537	Recently, I've been approached by more aggressive panhandlers at LFP mall (usually in AM hours by MOD and Starbucks). Not sure if this falls under "loitering" above. Also, I think "No Thru Traffic" signs should be put back in service alley on west side of LFP mall (behind Albertson's) and officers should warn/ticket cars who speed through this alley like it's a street.			Friendly and professional officers. Quick responses for the two times we've used 911.	Better traffic camera on 40th PI NE by LFP Elementary. We often see cars drive through too fast but this traffic camera doesn't activate.	
1538						
1539		more police presence in my neighborhood		no opinion	more police patrols and presence in neighborhoods	
1540				Their community involvement and neighborhood presence in patrol cars. I walk a lot and always appreciate a smile and a wave from an officer in a patrol car.	The traffic on 37th Ave NE is terrible r/tr speeding, running stop sign, driving up on curb and knocking down garbage cans in order to avoid stopping to let one another car pass by when parked cars are present.	Some means of traffic control such as speed bumps or 25 mph posted on small signs in center of road. I have lived her f0r Over 40 years and the situation has gotten ridiculous.
1541			Burglar alarm activated officer came to investigate everything was ok	Great service, caring staff, knows social media		
1542						

1543	For Traffic Violations I feel that speeding through the residential streets (I live on NE 182nd St) is a large safety issue for cars and residents. I would support the Traffic/ticket Cameras on residential streets and would support speed inhibitors (i.e. speed bumps/lines like on Hamlin Rd.) on our street.	I think the police presence is fine. I would favor more automated/infrastructure to slow traffic (prevent speeding)	At city hall for neighborhood meeting. At meetings in council chambers. At our annual street party on 182nd street.	They seem very engaged, striving to do a great job, and on top of the community priorities	Traffic speeding through the neighborhood. I know the volume is not something we can easily control but I would support automated (traffic cameras to ticket speeders) and infrastructure (i.e. street bumps/lanes like on Hamlin Rd.) on more non-arterial street (like mine: NE 182nd St)	I think the department and Chief Sutton have set a new standard for LFP police. We have always been fortunate to have our own local department but their service in the community has been top notch from what I can see.
1544			we had a home break in, called 911, officers were unexpectedly quick to respond	They're interactive with the community		
1545	Assault, neighbors with guns and mental illness		Visit the department for conversation and advice	The officers - great rapport with citizens.	Find a way to deal with my neighbor that is harassing residents on the street  (ne 187th street beside the lfp elementary school).	Keep up the good work. In the past we have benefited from the FABULOUS RESPECTFUL officers. You are the best, and I feel blessed to have had you around when needed. Thanks!
1547						
1548	traffic control where there are not any bike paths, and / or sidewalks		by calling	speed watch in neighborhoods where there are not sidewalks for people to walk on	A bike patrol on the Burke Gilman if it's part of Lake Forest Park	
1549	The reason for my picking 8 for noise is that I am deaf!		for not stopping completely at STOP sign	Courteous and professionalism plus sense of community spirit	Nothing	I want to commend Rhonda Lehman Detective who spent 2 plus hours in my house right after my wife's passing 5 years ago. Her primary purpose was to ensure that I was able to handle stressful incident. She was easy to communicate with -by writing since I am totally deaf.
1553	Need resources for homeless on the trail	Foot patrol at the mall	called 911	Community communication	Increase in staff to have the ability to handle big calls. The	Pedestrian Safety at Bothell and 170th.

					neighborhood could use some detour signs and arrows	
1557				Very impressed with LFPPD		
1558	Very concerned about new development of elks property traffic 145th	Street sign on 38 Ave NE		PD skill in catching criminal's thanks for keeping us safe		Worry about influx of new residents and traffic
1559			re parking	Fantastic police department led by chief Sutton responsive professional great leadership		You guys are truly the best
1560			in person	Very pleased with level of service	Would like to see more traffic enforcement	
1561				Love Chief Sutton email news alerts and vacation house check		Speed indicator trailer has been effective
1562		motorcycle speed on 178th			reduce speeding during peak driving times	
1563	speeding on arterials 61st and 55th				speeding	
1564	traffic on my street	no answer		all well you are doing an excellent job	concerns regarding traffic speeding	appreciate citizen input and respect from that in both directions
1565						
1566	burke gilman trail homeless population		called in susp activity	great job thanks for hard work	speeding problems 165 and Bothell and 41st ave ne
